Experience

Social, Inc.

Chief Executive Officer

March 2023 - Present (2 years 2 months)

Philadelphia, Pennsylvania, United States

As the CEO and Founder of Social, I am dedicated to enabling seamless AI-powered collaboration for everyone. Social provides a unified platform that brings together the best of human and AI collaboration. Join me on this journey as we revolutionize human-first collaborative AI!

HelioCampus

VP, Assessment Solutions & AEFIS Founder

September 2021 - June 2022 (10 months)

Bethesda, Maryland, United States

Leveraging my experience in founding and scaling AEFIS into a top-tier EdTech enterprise, I played a pivotal role in orchestrating its seamless merger with HelioCampus. As the Vice President of Assessment Solutions at HelioCampus, I remained dedicated to ensuring smooth integration and overseeing critical transitions post-acquisition.

AEFIS

Chief Executive Officer

October 2012 - June 2022 (9 years 9 months)

Philadelphia, Pennsylvania, United States

Founded in 2012, AEFIS went from boot-strapped startup to a leading EdTech company offering SaaS based Assessment Management Solution

to HigherEd. In 2018 successfully completed a Seed Funding Round, which allowed us to continue rapid growth during COVID and successful exit in September 2021.

I am forever grateful for my amazing team (A-Team), our incredible investors, our advisors and mentors, and phenomenal partners (aka clients), and for the opportunity we have been given to create a strong positive social impact during a time of uncertainty and disruption. Onwards and upwards!

UNTRA Corporation

Chief Executive Officer

April 1999 - December 2017 (18 years 9 months)

Philadelphia, Pennsylvania, United States

Untra provided managed technology services, enterprise software development, infrastructure and cloud solutions, surge capacity, and team augmentation for companies in the financial services sector. Untra helped fund and incubate the early development and growth of AEFIS, INC.

untraAMS, LLC

Chief Executive Officer

September 2008 - April 2012 (3 years 8 months)

Greater Philadelphia Area

Untra Academic Management Solutions (AMS) started following the technology transfer of IP from preceding projects at Drexel University and provided solutions, strategic consulting, and technology management services to education. Untra AMS brought together people, processes, and technology, to help academic institutions increase performance through better educational experiences, improved constituent services, and increased accountability through assessment. Untra AMS later became AEFIS, INC.

Drexel University

13 years

Information Systems Consultant

1999 - 2009 (10 years)

Designed and developed the BIOMED Continuous Quality Improvement (CQI) system for the management of assessment data gathering and analysis for ABET Accreditation. Subsequently, commercialized the concepts through technology transfer of IP, and started a new business to help universities and colleges transition to authentic assessment for learning and improve student success at scale through effective software.

Information Systems & Technology Manager

September 1996 - August 2004 (8 years)

Led the design and implementation of web communications and information exchange infrastructure on the intranet and the Internet.
